School Profile - Fall 2016 Update

BALTIMORE CITY
PUBLIC SCHOOLS

Welcome

School profiles present a summary of up to three years of public schoolwide data on each school in the district. They include information on principal and teacher tenure, official enrollment, student demographics, attendance, suspensions, and the school survey. This profile also reports results from the Partnership for Assessment of Readiness for College and Careers (PARCC) assessments for Grades 6 through 8. For more information, visit www.baltimorecityschools.org.

School Information

Phone 410-396-7734	Management Type Traditional
Address 1301 McCulloh Street Baltimore, MD 21217	Grades Served 6 - 8
Principal Jessica Blackmon-Stewart	Tenure with City Schools* --

* Principal tenure data will be updated in late 2016

Teachers

Official figures are based on full-time teachers as of 10/15/2015.

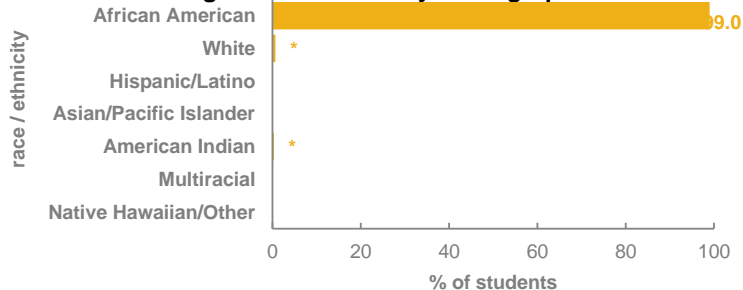

Enrollment

The official student enrollment is determined as of September 30 of the school year specified. (For example, enrollment for the "2016" school year that spans 2015-16 is determined on 9/30/2015). FARMs students are those students that were considered FARMs as of 6/30/2015, plus students directly certified as of 9/30/15, plus students receiving Medicaid as of 9/30/2015. ELL (English language learners) students are those whose primary or home language is not English and who have been assessed to have limited English proficiency. SWD (students with disabilities) are those who have current Individualized Education Programs (IEPs). An asterisk (*) indicates the percentage for the category is <1 and the data are not reported for confidentiality reasons.

Total Student Enrollment

2016 Percentage of Enrollment by Demographic

2016 Percentage of Enrollment by Subgroup

Attendance

Attendance rates are calculated by dividing the total number of days attended by the total number of days enrolled during the school year. Chronic absence rate is the percent of students who were absent more than 20 days, among students who were enrolled for at least 90 days during the school year. Data are for the school year ending in the calendar year indicated (i.e., "2015" indicates the 2014-15 school year).

Attendance Rate (%)

Chronic Absence Rate (%)

Suspensions

The number of suspensions in a school year includes all suspension incidents and expulsions.

Number of Student Suspensions

School Survey

The annual school survey is given to students in grades 3 to 12, all school-based staff, and parents of students in pre-K to grade 12. Three separate indices were calculated that represent a combination of student, staff, and parent reports. They reflect key measures of school climate as defined by the National School Climate Center. Data are not reported when any of the three groups had 5 or fewer respondents, or if the response rates for students or staff were less than 30%. The Physical Security Index measures the extent to which students and staff feel safe in a school building, parents feel that their child is safe, and students fighting and bringing weapons to school is NOT a problem. The Respectful Relationships Index measures the extent to which students and staff report that there are respectful relationships among students and between students and staff at their school. The School Connectedness Index measures the extent to which students and staff feel they belong at the school, that parents feel welcome, that staff and parents work closely to meet students' needs, and that the administration is responsive to parent and staff concerns. Data are for the school year ending in the calendar year indicated (i.e., "2016" indicates the 2015-16 school year). For detailed information visit the City Schools website.

2016 PARCC Results - Grades 3-5

In 2014-15 the MSA was replaced by the PARCC (Partnership for Assessment of Readiness for College and Careers) assessment, aligned to Maryland's College and Career-Ready Standards implemented in 2014. PARCC is administered in both Math and ELA in Grades 3-8, and for students taking Algebra I, Algebra II, and English 10. Students are color coded and categorized by the percentage of students achieving each performance level. "% met or exceeded" indicates the total percentage of students achieving either performance level 4 or 5 on the PARCC exam (those performance levels, respectively, signify that students have met or exceeded expectations for grade level learning. A value of "*" indicates that the data is suppressed due to the number of students tested. (The percentages of students in each performance level may not add up to 100 due to rounding; the percentages of students in levels 4 and 5 may not add up to the total "% met or exceeded" due to rounding.)
